

Business Operating Permit

It is expected that every business within the AMA's jurisdiction obtains a Business Operation Permit.

As the name sounds, a Business operating permit is a license that enables you to undertake/do business in the City of Accra.

In order to fast track the process of acquiring a business Operating Permit and do business with ease within the Ablekuma West Municipality, the Assembly has put in the following measures in place;

Checklist for processing a Business Operating Permit

- Produce Registrar General Business Certificate/Certificate Of Incorporation
- Name of Business
- Name of Business Owner
- Business Location (GPS location)/Address
- Contact Detail.

Temporary Permit

- An applicant receives a **Temporary** permit that **last for 90 days** immediately after producing the above requirement.
- During this period, the Assembly does its due diligence, background checks and processing in order to generate a **Permanent** permit for the Applicant.
- The Internal process include the following steps tabled below;
